## Privacy Policy

We take the privacy of your personal information seriously. If you'd like to see how your personal information is held by us and our commitment to your privacy, please read our Privacy Notice on our website.

## Installation Process

- Processing starts on receipt of signed contract.
- You will be contacted by an installation team to arrange a time and date for installation.
- On completion of the installation a network technician will be dispatched to setup and test the network.
- The entire process takes up to 5-7 working days depending on availability.
